

All That Dance Studio has two dance companies—a professional dance company, Omni Contemporary Dance Company, and a dance company for students, The Xquisite Dance Company, for students who want to perform and compete. Company auditions are held in June.

Omni Contemporary Dance Company is a professional contemporary dance company based in South Jersey. It is a professional contemporary dance company that infuses ballet, modern, tap, and jazz dance styles. The company supports the choreographic vision and work of Artistic Director Meredith A. Shaw, which includes, but is not limited to social issues, visual art, literature, and historical events. Its mission is to provide a high quality dance education with performance to audiences and it will promote, encourage, and increase awareness and appreciation for the arts

Omni Contemporary Dance Company's vision is to educate the Delaware Valley with its artistic contemporary dance excellence by commissioning the works of emerging local and national choreographers, and to present works to diverse communities. OCDC accomplishes this through its educational outreach programs which include performances, workshops, residencies, lectures, and demonstrations. Omni Contemporary Dance Company's affiliated dance school, All That Dance Studio, provides high quality dance instruction from the OCDC company members in a nurturing environment for people ages: preschool-adult and professional dancers within a diverse curriculum.

The Xquisite Dance Company is for the serious dancer who loves to dance. To become a team member, a dancer must audition, be committed, and possess a positive attitude. Upon selection, company dancers must be enrolled in both ballet and jazz classes, possess strong dance technique, and are willing to meet the challenges as a team dancer. In addition, the company dancers must attend weekly company classes, summer repertory classes, and master teachers' classes or workshops. Each company dancer will have the opportunity to perform in a competition and have the opportunity to perform for community events during the year. Two production numbers will be choreographed for the company dancers, which will be performed in the annual benefit show in December and for the recital.
